PRETTY EMBROIDERED WAIST.

The prophecy that separate waists would be relegated to the past has not as yet been fulfilled, for they still continue to play an important part in a woman's wardrobe. This waist is embroidered with a simple yet dainty little design. The prevalent idea on waist embroidery seems to be for using pure white Corticelli mountmellick embroidery silk.

Shirt waists are still as popular as ever, especially embroidered white ones. Grapes, in a conventionalized form, are much used with very good effects on mercerized chevrons, madras, and linens. An embroidered effect is a safe investment whether it be of silk, cotton or woolen.

## A Bit of Scotland in Canada.

At a point 145 miles north of Toronto on the Grand Trunk Railway System is reached one of the most magnificent districts in the Highlands of Ontario known as the Lake of Bays District. The region comprises a series of connected lakes, over which large steamers are navigated. What greatly adds to the Lake of Bays value as a health-giving and sportsman's resort is the unmatched purity of the air one breathes upon its heights. The visitor forgets his ills under its reviving influence in less than a week, and sees life's problems in a smoother light, enjoying the good things in this life which Nature and Providence have prepared for him. Its bracing morning breeze which rivals the celebrated atmosphere of Pike's Peak, Col., imparts new lung power and fresh vitality.

## Public Sale

—OF—  
Fine Scott County  
FARM!

We will sell publicly on the premises, on  
**Thursday, August 20, 1903,**  
The well-known Carrick farm of

455

acres of No. 1 land, situated on the Lexington & Newtown and the Georgetown & Paris turnpikes, near Johnson's Mill, 4½ miles from Georgetown and ½ mile east of Newtown.

The farm is most favorably located, well improved and in a high state of cultivation. Good residence, fine tobacco barns and all necessary outbuildings. Lasting water in every field and admirably suited for a stock farm.

The land will be divided into two parts, 245 acres in one tract and 210 in the other. It will first be offered in separate tracts and then as a whole, and the best bid will be received.

Sale to commence at 10 o'clock a. m. Terms of sale made known on day of sale. Persons wishing to examine the farm will find John A. Carrick or Richard Davis on the premises, who will take pleasure in showing the same.

## LIVE STOCK, CROP, ETC.

—Thirteen head of fine Jersey cattle sold at Danville from \$40 to \$117.50.

—Montgomery county farmers are refusing \$4.85 for fat cattle. They want 5 cents.

—T. P. Wadell, of Millersburg, shipped 1,200 dressed chickens and 75 dozen eggs, this week.

—Mr. Letton Vimont, of Millersburg, sold John T. Jones, of Iron Mountain, Mich., pair of fine coach horses \$800 shipped Wednesday.

—Hibler Bros. weighed out the 40 head of cattle Tuesday recently purchased of Mr. L. B. M. Bedford at 5c and they averaged 1,650 lbs. They also weighed out a bunch of 30 purchased of Milton Plummer at 5c and they averaged 1,600 lbs. This is the best lot of cattle heard of in Kentucky this season.

—Holtzclaw & Speaks, threshermen of Lancaster, Ky., will leave next Wednesday for central Kansas with a threshing outfit and fifteen men. Owing to the great crop of wheat raised in that state, and the shortage here, they think the outlook bright. In fact, they have corresponded with several farmers in Kansas who not only give them their crops to thresh, but insure them all the work they can do, on account of the short supply of threshers.

—The Bourbon Stock Yards at Louisville, the largest stock yards in the southwest, were completely destroyed by fire Wednesday afternoon, at a loss of about \$300,000, which is but a little more than half covered by insurance. During a heavy thunderstorm, lightning struck one of the central pens. The flames quickly spread in all directions and the fire department was entirely powerless except in preventing the spread of the flames to adjoining property. Upwards of 4,000 cattle of all description were in the pens at the time. Of these about 1,000, most of which were sheep, were burned. It is the intention of the managers to re-equip the yards in thirty days.

J. W. Ferguson, of this city, and Kenney Bros. had 160 head of horses in the barns of the stock yard where the fire broke out, and fortunately got them all out just in time to save them from burning.

## WEEKLY CROP BULLETIN.

—Below is the weekly crop bulletin for Kentucky, for week ending August 4th, 1903, as given by U. S. Crop Service Bureau:

Good rains with seasonable temperatures have greatly benefited vegetation.

Corn is excellent and well advanced in the west-central counties, where good yields seem to be assured. It is improving in the eastern half of the State, but it has been seriously damaged by drouth in many localities. The great damage is in the Bluegrass region and adjacent counties.

Tobacco has improved slightly, but it is generally small for the season and a fall crop is not expected. It was badly damaged by drouth in portions of the Burley district. In the Western Section most of it has been topped. There is considerable complaint of frenching, but very few worms.

Hemp has been kept back by the drouth. It is now improving, but will, probably, make a rather short crop.

Pastures are improving. They were about dried up in many localities and stock had to be fed. Some late fields of hay were saved during the week.

Apples are doing well in the Western Section, elsewhere they continue to fall from the trees and are becoming scarce.

Gardens and melons suffered from the drouth more, probably, than the staple crops, but they have improved since the rains. Sweet potatoes are doing very well.

Farm work has progressed well; threshing of wheat about completed, hay all saved, corn laid by, and plowing for wheat is being rapidly pushed.

## Notice to Democrats.

PARIS KY., July 31, 1903.

All Democrats who desire to become candidates (at the Democratic Primary to be held on Wednesday, September 9, 1903,) for Councilmen from their respective wards in the City of Paris, Kentucky, are notified to present their names in writing to the undersigned Chairman or Secretary of the City Democratic Committee before the hour of noon (standard time), on Monday, August 24, 1903. If by that time only three candidates announce from the First Ward, and only three candidates announce from the Second Ward, and only one candidate announces from the Third Ward, the Chairman of the City Democratic Committee will declare them the regular nominees; provided, that if there is any opposition in any of the three wards the expense of the primary will be evenly divided, pro rata, between all the candidates.

E. B. JANUARY,  
Chairman City Democratic Committee.  
GEORGE T. LYONS, Sec'y.

## Rioting Soldier Boys at Lexington.

Col. Roger Williams, of the Second Kentucky State Guard, passed through Paris Tuesday afternoon with his clothes blood-spattered as a result of his interference with some fighting soldiers at Lexington. Company I, of Covington, had arrived at Lexington that morning from Jackson enroute to their home. Immediately upon their arrival at Lexington the boys began to fill up on mean whiskey, and before the departure of the Covington train a small-sized riot had been started at the L. & N. depot. Col. Williams happened to be on the train and was called on by Lieut. Blakely to assist in quieting the men. He entered the special coach and after a physical encounter, knocking three or four down, succeeded in quieting the rioters. He had the coach cut from the train and called on the police to help him. The police after using their clubs to protect themselves from the bayonets, landed five or six of them in the station house. Col. Williams then ordered out a detail from the Lexington Company and had the rest of the Covington Company arrested and locked up in the armory.

The Covington boys passed through Wednesday morning on the early train enroute to their home, under escort from the detail of the Lexington Company. There will be a wholesale court-martial in a few days.
